SUMMARY OF INFORMATION

A guard-type of individual is outside his room and periodically patrols the area. See ENCLOSURE 3. The guard wears grey-green pants and a khaki shirt; he is armed and wears sandals as opposed to boots. He is thin, gaunt-looking, unkempt, and has black hair and scraggly facial hair, like an adolescent attempting to grow a beard. The guard route is sketched at ENCLOSURE 4.

The target structure appears to be out-of-place with its immediate surroundings. It is a low, flat-topped structure with a white roof that is mostly under ground, like a bunker or bomb shelter. There are tall, blocky, modern looking buildings all around. There appears to be earth/grass mounds around the target structure. See ENCLOSURE 5. Higgins appeared to be by himself. He will remain in this location through 30 June 1988.
